

COVID-19 Update

23 March 2020

The virus continues to spread across communities within Australia and the Government has introduced strict guidelines about social distancing and self-isolation.

The majority of people who have contracted the virus have made a full recovery, however more vulnerable people are at higher risk of being significantly impacted.

No Eventide residents or staff have tested positive for COVID-19 at this time.

The health and safety of residents is our first priority and we appreciate your support in the measures we are taking to make Eventide Homes the safest possible place for our residents.

No Visitors to Eventide Homes at this time

The health and safety of residents is our first priority and our home has entered a lockdown period effective from 18/03/2020.

We understand that there will be some exceptional circumstances where visitors can still arrange to attend the home via our Managers (for example end of life care) as long as they can:

- demonstrate that they are well,
- haven't been overseas in the previous 14 days and
- haven't been in direct contact with a person diagnosed with COVID-19.

This is a proactive step to protect the health and safety of our residents and staff.
If you have any concerns, please contact us on 5358 2027

Leisure and Lifestyle

Our Leisure & Lifestyle team is making every effort to provide our residents with engaging, stimulating and enjoyable activities. Some of these include:

- Mental stimulation- crosswords, residents love a good challenge, average 4 crosswords in the hour
- Cards - euchre
- Ten pin Bowls - fun and exercise
- Fresh air and sunshine- mystery walk, wheelchair walks, walking in the garden
- Lolly trolley- everyone deserves a little spoiling
- Cappuccinos - café time
- Arm-Chair travel- Virtual tours of Museum and Travel Destinations
- Keeping in touch with families - skype, face time

Other Prevention measures

Eventide has implemented social distancing strategies such as scheduled meal times and dining room seating arrangements, additional touch point cleaning and making sure that no more than 10 residents attend an activity at any one time.

We appreciate your support during this challenging time for our community.
