

Eventide Homes (Stawell) Inc. holds the mission :-
To aspire to provide premium, stimulating and innovative accommodation and care.

Following the Covid outbreak we have heard your feedback and agree with the decision of the Aged Care Safety Commission that we need to improve the Care and Services we provide.

In consultation with Advisors and based on audits, observations, and trends of clinical incidents the following Training Program has been developed. The goal is not only to address the immediate risk but to ensure that the learning is embedded to sustain behavioural change in the workplace.

“Eventide Homes (Stawell) Inc. shall provide individualized and resident focused services and care, through an empathetic and experienced team in a dignified and trusting environment”
